PERSONAL PROFILE

I'm Full Stack Developer specialize in web designed. I'm working with technologies like React, Redux, PostgreSQL, Express, Node Js, and some others technologies in the industry.

I'm in a charge of an E-commerce related to healthy vegetarian food who increase the monthly sales on 15% in his city.

I'm good solving problems, creative, proactive and great autonomy, and I enjoy working in teams

In my free time, I like to practice some sports and read books.
