PERSONAL PROFILE

I'm a Full Stack Developer specialized in web design. I'm working with technologies like React, Redux, PostgreSQL, Express, Node Js, JavaScript and some other technologies in the industry.

I lead the setting up of an E-commerce related to vegetarian food which has increased the monthly sales on 15% in a nearby city.

I'm good at solving problems, creative, proactive and have great autonomy, and I enjoy working in teams.

In my free time, I like to practice some sports and read books.
